TECHNIQUES - USERNAME CORRELATION

The screenshot displays the 'WhatsMyName' web application interface. At the top, there is a navigation bar with a back arrow, a refresh icon, and the URL 'whatsmyname.app'. Below this, a large header area contains a logo on the left, a 'Welcome to WhatsMyName' message, and a 'How to use' section with two numbered steps. To the right of the header is an 'Authors' section listing several contributors and a source repository link. Below the header is a search interface with a 'Search Username:' label, a text input field containing 'miguelsantarend', a green search button with a magnifying glass icon, and a 'Filter by Category:' dropdown menu currently set to 'All (exclude porn)'. Below the search bar, the results section shows 'Found: 7' and 'Processed: 381 / 382'. There are three buttons: 'Show All', 'Show Found', and 'Show Not Found'. The results are displayed as a grid of green cards, each representing a found account. The cards are: Trello (social, Account Found), Gravatar (images, Account Found), TikTok (social, Account Found), slideshare (social, Account Found), GitHub (coding, Account Found), Twitter archived.. (archived, Account Found), and Instagram (social, Account Found).

TECHNIQUES - REVERSE IMAGE SEARCH

The screenshot shows the Yandex.ru reverse image search interface. The search bar contains the text "Imagem enviada" and a search button labeled "Achar". Below the search bar, there are navigation options: "Procurar", "Imagens", "Vídeo", "Cartões", "notícias", "Tradutor", and "Tudo". The main image area displays a character with black hair, red eyes, and a white outfit with a red collar, holding a black handgun. The image is surrounded by a blurred red background. Below the image, the text "Tamanho da imagem: 400x400" is visible, along with a button labeled "Selecionar fragmento".
